EDUCATION

University of California, Berkeley
Bachelor of Arts in Architecture, Honors
2017

Team Treehouse Techdegree
Front End Web Development
Self-paced and intensive online training program that prepares students to become successful engineers by building portfolio worthy projects.
2019

Springboard
Software Engineering Bootcamp
Online coding bootcamp with over 800 hours of hands-on curriculum, mastering skills in full-stack technologies
2020 - current

SKILLS

DESIGN	FRONT END
Figma	HTML
Photoshop	CSS | SASS
Illustrator	Javascript
After Effects	jQuery

SERVER	DATA
Python | Flask	MySQL
NodeJS	MongoDB
Express	

ABOUT

Self-taught developer who enjoys problem solving and building things with a professional background in architecture and design. My experience in architecture has taught me how to build beautiful and simple designs focused on user experience.

Currently a student at Springboard's Software Engineering Bootcamp, learning more about full stack applications. I enjoy constantly being challenged and keeping up with the latest trends in technology.

PROJECTS

- **Dashboard App** - *www.bit.ly/kevinreber-code-dashapp*
  Front end application that alerts user of notifications and displays tracking data using chart.js.

  Technologies Used: *Chart.js, CSS Grids & Flexbox, SASS*

- **Mastermind** - *http://bit.ly/kevinreber-code-mastermind*
  Game where player has 10 attempts to guess 4 randomly generated numbers. Relies heavily on event handling and manipulating various DOM elements with vanilla Javascript.

  Technologies Used: *Javascript, Axios, Random.org API*

- **Pokedex API** - *www.bit.ly/kevinreber-code-pokedex-api*
  Pokedex showcasing all original 151 Pokemon. All Pokemon data is requested from the PokeAPI database utilizing Javascript Promises.

  Technologies Used: *PokeAPI, AJAX*

- **TinDog** - *www.bit.ly/kevinreber-code-tindog*
  Static website of an online dating platform for dogs using semantic HTML and Twitter Bootstrap.

  Technologies Used: *HTML, Twitter Bootstrap*

EXPERIENCE

- **Architectural Jr. Designer**
  Andrew Mann Architecture *2017-2019*
  - Communicating clearly with clients to represent their visions.
  - Collaborate alongside architects to construct a balance between practical and beautiful designs.
  - Liaising between team members to accurately execute plans before project deadlines.
  - Host weekly team meetings with clients, contractors, and specialists on-site to check progress.
